ROW FLARES OVER PLANS FOR FLOOD CONTROL IN PALM SPRINGS DISTRICT

Flood control in the Palm Springs area—Zone Six of the County Flood control district—developed into a first class row at Riverside Friday when supervisors, sitting as directors of the flood district, discussed local projects.

W. R. Hillery, Cathedral City, one of the commissioners of Zone Six, charged N. B. Smith, chief county engineer, of "incompetence."

HE CHARGED that Smith's inadequacy had delayed flood control projects in the Palm Springs area so much that he and other commissioners had to advise supervisors to hire a consulting engineer to plan the projects.

Smith denied the charge and made one of his own. He said Hillery, who advises the supervisors, had delayed the projects by refusing to cooperate and by "sneaking" behind Smith's back in an attempt to disrupt Smith's approach to flood control problems at Palm Springs.

SAID SMITH: "You snarled this thing up." Smith also said that the special consultant—Engineer Fred Cronholm—had an approach that is "foul."

There were four supervisors present at the meeting, and they split 2-2 on a vote to rescind a contract by which the county would pay \$2000 to Cronholm to prepare a new plan of flood control for the cone of Palm Canyon Creek south of Palm Springs.

THESE DAYS
The only ones who can complain
Are those who want a little rain.

A MAN who won't back up his wife in any assertion she may desire to make isn't a man. Therefore I am sorry she said that the other day about the way I compute my profit at the race track. . . . She gave away my secret of always avoiding a loss. . . . By setting the gauge at \$16 below zero and anything I make above that is profit. . . . If I lose \$16, I figure I break even. . . . Well, I went to Santa Anita with Don K. Thursday. . . . I broke even. . . . But it was fun. . . . Don bets just like Mrs. G does. . . . Two or three tickets in every race on the longest shots on the board to show. . . . And like Mrs. G, he has enough to buy the quarter a race \$2 is the point winner on the way home.

WELL, THAT'S THAT so far as the horses go. . . . just wait until they get quarter horses here. . . . Eight times 25c is \$2. . . . At a quarter a race \$2 is the point winner on the way home.

Smith Resigns Museum Post Plan Traffic Crack Down Here

FROM PAKISTAN — Paying their first visit to Palm Springs Thursday were Consul General and Mrs. Abdul Salim Khan of Pakistan House, San Francisco. Dark-eyed Mrs. Khan was wearing the Punjabi costume consisting of white trousers and a fitted green and white tunic with a green scarf. Both comfortable and attractive it is a costume that could easily be adapted for resort wear.

PAKISTAN OFFICIAL SAYS HIS COUNTRY LIKE OURS

"California resembles very much the southern part of Pakistan, both in climate and vegetation," said Consul General Abdul Salim Khan of Pakistan, who with his lovely wife Mahmooda, was an overnight guest at the Palm Springs Pueblo Thursday.

The sight of citrus, apricot trees and date groves made them feel right at home, they said.

WHEN KHAN came to California to open the new consulate in San Francisco, just a short time ago, it was the first time Pakistan has had an office on the West Coast. The only others are in New York and Washington, D. C.

Although they have been in this country only six months, and this was their first visit to Palm Springs, they were enchanted by it. "California is very lovely, the people very friendly, and we are very lucky to be here," they said.

THE KHANS came to Palm Springs from Phoenix, where they had been visiting nationals, and went from here to Imperial Valley, for the same purpose.

Khan described himself as "a farmer, from a farming family," and said he has orchards of oranges and apricots. He does not, however, live on the farm, but in a village named Talokar. This is the custom in his country, where all the farmers live in a community center. Talokar See PAKISTAN, Page 5A

Chest Appeals in Hands of Villagers
(Photograph on Page 6B)
Community Chest folders and appeal for contributions are now in the mails and should be received by all Villagers this week. President William H. Smith announced.

The folder describes all activities of the six participating agencies, Boy Scouts, Girl Scouts, Boy's Club, Welfare and Friendly Aid, Youth Center and Desert Museum.

Smith asked that everyone respond to the appeal as soon as possible, so that the campaign may be concluded in the near future. He reported that slightly less than one-third of the \$41,000 budget has been received to date.

Western Airlines Revenue up 19%, Directors Told
Directors of Western Airlines, holding their quarterly meeting in Palm Springs on Thursday, Friday and Saturday found their revenues up approximately 19 per cent and declared their usual quarterly dividend of 15 cents a share, payable March 16, to stock of record on March 1. J. Judson Taylor, vice president and treasurer reported Saturday.

Estimated earnings for 1952 amounted to \$1,232,000. Computed on a basis of 715,213 shares outstanding, this means \$1.72 a share on common stock. While the 1951 figure was \$1.94 a share, actually there was only \$1.42 earned from operations, with the rest coming from the sale of fixed assets.

Operating revenue for 1952 was \$18,595,000 and for 1951 it was \$16,281,000.

MAKE FINAL ARRANGEMENTS — Final plans for the visit of the Bloodmobile at Wars Memorial Building today are being made by (l. to r.) Mrs. Tom Holland, canteen chairman; Mrs. Jack Freeman and Mrs. Hans Lauritz Hansen, arrangements chairman. The Bloodmobile will be here from 10 a.m. to 3 p.m. to collect blood for servicemen in Korea, under Red Cross sponsorship.

Museum Curator Since 1940 to Leave April 30

Resignation of Lloyd Mason Smith as director of the Palm Springs Desert Museum, effective April 30 when his present contract expires, was announced today by President Winfield Line.

Smith, who gave no reason for retiring from his present post other than that he felt he had been too long in the same place, has not indicated his future plans. He has been working on a book which he is co-authoring with Dr. Edmund C. Jaeger, desert naturalist.

WITH THE MUSEUM since 1940 with the exception of a period during World War II, Smith has seen the institution grow from a small beginning, which outgrew its quarters in the children's room of the library, the Fiesta House on the grounds of the Desert Inn, and in the temporary building in which the museum is now housed.

RED CROSS BLOOD DRIVE WITHIN 50 OF ITS QUOTA

"We've gone over the 200 mark and feel confident that enough Villagers and visitors will respond to our last minute appeal today to reach our quota of 250," Mrs. Burnham Bigelow, Red Cross recruitment chairman for the Bloodmobile visit here today, announced.

The Two-County Medical Service Bloodmobile will be at the Wars Memorial Building, 400 North Belgrade road, between 10 a.m. and 3 p.m., today, Monday, to collect blood for the fighting men in Korea.

RESERVATIONS for donating blood may still be made today by calling 5311 up to 9:30 a.m., and at 2928 after that time and until 2 p.m.

"We urge all donors to observe their appointment time," Mrs. Bigelow said, "so that there will be the minimum amount of waiting. Twelve beds will be in operation at one time."

THE RECRUITMENT chairman announced that the cast of the Palm Springs Playhouse has signed up 100 percent to donate blood, despite a heavy rehearsal schedule that day and evening. A baby sitting service will be in operation at the Wars Memorial Building, and transportation will be furnished any donor to and from the Bloodmobile.

MEMBERS of the board of directors are conferring with local architects this week to draw up schematic plans and needs for the new building, and will make every effort possible to preserve the planting already flourishing on the property.

MOST OF THE FAN PALM and grevillea trees were planted by Welwood Murray. Fig trees, sedars are also growing on the lot, which was deeded to the museum in 1947 by Miss Cornelia E. White, early Palm Springs pioneer who still lives in the little cottage on the northeast corner of the estate.

This cottage is partially made from railroad ties from the tracks of the now defunct and which ran between what is now Smoke Tree Ranch, then called Palmdale and Garnet.

"IT IS THE DESIRE of the board and of the architects working on the public project," Line said, "to make the new museum as attractive as possible and to include a patton garden where visitors can relax and enjoy native plantings."

THE PUBLISHER'S CORNER
by OLIVER B. JAYNES

FIRST UTTERANCE of President Eisenhower after he took the oath of office was a prayer. This attitude of humility and expression of faith on the part of our new President has sparked a revival of spiritual values that is sweeping the nation. One observes it wherever he goes. It is being manifested in many ways.

The American Legion has given this return to religious faith a tremendous impetus through its "Operation Church" movement. When such an important nationwide organization as the Legion takes an interest in a cause like this it is clear evidence that the people are responding to it. This organization touches the lives of those who have given most to protect and defend the nation and their interest and leadership in this movement will have a great impact throughout the land.

There has been a noticeable breakdown of the moral fiber in America during the past decade. The source of our greatest strength — faith in God and respect for spiritual values — has been lacking. World unrest and the fear of total destruction has set our people to thinking. It is encouraging to see them returning to the faith of their fathers.

More presidents have asked the help of God at the conclusion of their messages to the people. It was taken as a matter of course. President Eisenhower placed it above all else. It was this recognition of the need for spiritual guidance that has inspired our people. It is the most encouraging and hopeful sign of the times.

ON FRIDAY, THE 13TH—J. R. Banks, 1563 South Palm Canyon drive, opened a savings account at Coachella Valley Savings and Loan Association Friday morning, and was \$10 richer when he left than when he entered. The reason—he was the 1000th account to be opened there, and he was given 1000 pennies to mark the occasion. Banks, left, is pictured returning the pennies to President William H. Smith to add to his account.

County Teachers Hear Discussion on School Affairs

Adoption of a constitution for a county-wide council of teacher associations and discussion of school problems with representatives of the California Teachers' association marked a meeting of Riverside county teachers at Palm Springs high school Wednesday.

Paul Summers, vice principal of the high school, presided at the sessions.

TED BASS, field representative for the CTA, was one of the principal speakers.

"Education in public schools is itself the American Revolution," the general session of the group was told by Bass. The American heritage of freedom has been nourished and extended by the nation's schools, the CTA speaker declared. He pointed out a number of barriers by which the effectiveness of the educational program can be measured. Among these he cited were voting figures, church memberships, participation in civic organizations, and interest in adult education.

STATISTICS INDICATE that by these and other measures the American public school has done a noteworthy job and present a challenge to today's teachers to continue this progress, Bass declared.

Bass also pointed out ways in which he believed the state teachers organization had helped strengthen the profession in California.

APPEAL SOUNDED FOR SKY WATCH VOLUNTEERS

More than 100 persons attended the special instruction meeting held Wednesday evening at Desert Museum for members of the Ground Observer Corps.

Several new members signed up for watches during the meeting, Executive Officer Robert W. Peterson reported. But many more are still needed, he said, in urging everyone possible to join the Skywatch program at the Chamber of Commerce office.

FULL INFORMATION about the program as given by Peterson follows:

"The Ground Observer Corps is a civilian organization operating as a part of our national defense program. Its job is to report aircraft movements to a 'Filter Center.' The Filter Center accumulates reports from many posts and immediately has the reports checked with radar contacts and flight plans to identify reported aircraft.

"AN ENEMY ATTACK on our coastal cities and production centers is possible and ground observers are necessary to aid our radar warning systems as it is ineffective behind mountains on low flying objects and is subject to failure for mechanical reasons and atmospheric conditions."

The Palm Springs Post should be manned 24 hours a day, Peterson said. Watches are assigned on the basis of 3 hours a week and observers are responsible for their individual watches under the supervision of the

Lieutenant who is in charge of their day.

AT THE CHAMBER of Commerce office, after completing an oath of allegiance to the United States, anyone may choose their watch from a "watch board" which lists all filled and unfilled watches.

Another meeting of Ground Observers will be held Wednesday evening, February 25, Peterson said.

Two Cited After 3-Car Accident

Both drivers involved were issued citations following an accident at 5:04 p. m. Friday, at the intersection of Andreas and North Palm Canyon drive.

Anne Tederstrom McComb, Denver, Colorado, was cited for not having a registration certificate, no 1953 tabs or evidence of registration, and Joan Ewing was cited for the same reason and also for following too close behind another vehicle.

Investigating officers reported that Mrs. McComb had stopped her vehicle as the vehicle ahead of her car had stopped for a pedestrian, and Miss Ewing's car struck the rear of Mrs. McComb's vehicle, forcing it into the next automobile.

AT MUSEUM—This golden eagle, one of three killed illegally by a Corona rancher, has been loaned to the Desert Museum by the State Department of Fish and Game on a 99-year lease arrangement.

Golden Eagle on Display Today at Desert Museum

On display at the Desert Museum this season is a mounted Golden Eagle, loaned to the museum on a long-term basis by the California State Division of Fish and Game.

"This particular eagle has quite an interesting background as eagles are rigidly protected by law and it is actually unlawful to have even a mounted one in your possession without specific authority to do so," it was explained by William Norman Jupe, bird authority and trustee of the museum.

"A RANCHER near Corona illegally shot three eagles and took them to a Riverside taxidermist to be mounted," he explained. "There, quite by accident, they were noticed by federal agents who reported them to the Department of Fish and Game."

7-Man Board for County is Under Study

Plan Would Meet Desert Protests Says Supervisor

Plans for the appointment of a committee of representative citizens to study proposals for a charter form of government for Riverside county and possible enlargement of the board of supervisors from five members to seven, were under study this week with three of the board in favor of the first portion of the program.

Supervisors William Jones, Homer Varner and Sherman Lewis have expressed themselves in favor of appointment of a committee to study charter county plans.

SUPERVISOR LEWIS advanced the seven-man board plan as a means of meeting complaints of the desert area of inadequate representation.

The desert area, fourth supervisory district, has more people, more territory and more taxable property, than any other district, but has only one representative.

Lewis said a charter might provide for seven county supervisors instead of five, with two of the supervisors coming from what is now the Fourth District.

As a "general law" county, Riverside county may have only five supervisors. A charter county may have as many more supervisors as it wants. (It may have fewer, too—as few as three.)

LEWIS SAID he felt there is "some basis for the complaints" from the Fourth District.

He said he has long thought that a charter study might be valuable but didn't want to push it strongly before there was a substantial desire for it.

Lewis and Jones and Varner said they have not made up their minds that a charter is what the county needs. They said they wanted the time to give the subject a careful study has arrived.

LEWIS SUGGESTED a committee of 15 citizens to make the study—three from each supervisory district. Jones and Varner have made similar suggestions. Lewis said the study should be a thorough one, lasting perhaps a year. Jones and Varner have also spoken in favor of a long study.

Supervisor Irwin Hayden had no comment to make and Supervisor Roman Warren said he wanted more time for study.

Chicagoan Likes the Desert Area

Captain Joe Goldberg, Chicago police department has only one comment to make about Palm Springs and that is:

"This is just the kind of a community I would love to live in and own a home."

Guesting at the Vista del Sol, Captain Goldberg was for 15 years supervising captain of all the captains of the Chicago police department and in that capacity acted as assistant chief of police. He is president of the Police Captain's association of that city.

Entry of Joe Goldberg Jr. into the Navy accounts for the Chicagoan's presence on the Pacific coast and his trip to Palm Springs to spend a few days with his friend William Waldron, owner of the Vista del Sol. He is accompanied by his wife. The captain retires from active duty as a police captain in about 60 days.

WATCH GAVILON-DAVEY'S FIGHT—More than 200 persons gathered inside and outside the Palm Springs Community Television Corporation office at 444 North Palm Canyon drive to watch the Kid Gavilon-Chuck Davey championship middleweight fight Wednesday. Gavilon, the favorite, scored an easy victory.

Funeral Service for James Lyons Held in Oregon

Additional details of the hunting tragedy which cost the life of James Lyons, Portland lumberman executive, noted tuffman and winter resident here, were received in the Village Thursday.

Lyons, co-owner of the Irwin-Lyons Lumber company of Coos Bay, Oregon, and owner of race horses, was killed when his gun discharged accidentally during a dove-hunting trip in Baja California.

Lyons, with his family, were spending the season at their winter home at Smoke Tree ranch.

THE FATAL ACCIDENT occurred Monday at San Jose del Cabo, 80 miles south of La Paz, according to word forwarded to Mrs. Lyons.

Lyons had flown to Baja California with Dr. Homer Rush of Portland and a friend from San Francisco, joining a party on the yacht of H. W. Irwin, the other owner of the Oregon lumber firm.

Monday, according to a telegram from Irwin, Lyons left the yacht to hunt doves alone, stumbled in the brush and discharged his gun accidentally.

LYONS' BODY was flown to Coos Bay for funeral services and burial.

Mrs. Lyons also flew home. Lyons owned a stable of race horses which has been racing at Santa Anita Park. The Lyons

FLOOD

said they were standing by Smith. They said they felt he was competent to plan for flood protection at Palm Springs and that it was silly to spend \$2000 to hire another engineer.

The other two supervisors—William Jones of Riverside and Roman Warren—said they did not want to vote on the question until the fifth supervisor, Homer Varner of Indio, was on hand.

HAYDEN AND LEWIS forced a vote, and Warren and Jones defeated rescinding the contract by voting against it. They made it clear, however, that they were not questioning the ability of Smith. They said they voted against rescinding because they wanted Varner on hand. Palm Springs is in Varner's supervisory district.

Supervisor Lewis started the whole discussion yesterday. He asked why it was necessary to hire a special engineer to do planning when the flood control district had a competent full-time engineer (Smith) to do it.

HILLERY DID NOT at once accuse Smith of incompetence. He said at first: "The planning at Palm Springs is quite an involved thing, and Smith does not have the time to do it now."

But Smith said he did have horses, Stackallen Bridge, Oats, Bunterbegood and Lil Tiger, are trained by Frank Childs.

Residing in his home, he leaves three children, Stewart, 12; Susan, 9, and Sally, 2 months.

Indians Downed By San Jacinto in Close Contest

Coach Clare Ballagh's Indians failed their final test Friday night when they dropped a 37 to 32 decision to the previously winless San Jacinto Tigers.

One more game remains for the Palm Springs cagers, Friday night, when they entertain the Elsinore team—loser of only one game this season—and little hope remains for the Indians to pull an upset here and score their first win.

THE SAN JACINTO game followed the pattern of past performances, with the Indians going in first half play and then faltering after the intermission. The two teams were tied 5 to 5 at the quarter and 15 to 15 at halftime, with the Tigers making their move ahead in third period action.

Dave Zirnisky was high point man for the Indians with eight, while Jerry Hoffman of San Jacinto took game honors with 10.

IN THE PRELIMINARY tilt, the Tigers Bees downed the Indian Junior Varsity 52 to 23. The game was a rout from the first quarter on with San Jacinto holding leads of 14 to 5 and 31 to 16 in first half action.

Jim Quest, Tiger center, paced his team's victory with 24 points.

The box score:

Parking Meters, Gain Over 1952 Sales Tax Show

Robert W. Peterson, city treasurer, reporting on parking meter and sales tax receipts for January, said that both were slightly off compared with January, 1952, but that the season showed a gain over the same period last year.

Sales tax receipts in January were \$15,409.50 and in January, 1952, \$20,587.61. Peterson said, however, that the report is on a cash basis and reflects taxable sales in previous months and quarters.

TOTAL SALES TAX receipts for the 1952-53 fiscal year are \$62,848.26, Peterson reported. For the same seven months in the 1951-52 year were \$61,020.94.

Total sales tax collected by the city since the law went into effect in May, 1947, is \$680,804.63, Peterson said.

Parking meter receipts in January, 1953, were \$1,560.89 while in January, 1952, the "take" was \$1,501.55.

PETERSON REPORTED that for the 1952-53 fiscal year to date—seven months from July 1, 1952, to January 31, 1953, motorists have chunked \$7,515.18 into the meters. In the same period for the 1951-52 fiscal year, the total meter take was \$8,073.03.

Since the parking meters were installed in March, 1949, the city has collected \$66,728.90. Out of this sum the meters have all been paid for and are now the property of the city.

PAKISTAN

is on the northwest frontier of Pakistan, right up on the Russian border.

ASKED ABOUT the threat of Communist aggression, the Consul General replied: "Communism is not a force to reckon with in Pakistan... on account of our religious belief (Mohammedism)." To underscore this statement, he added that there are no Communist members of the legislative bodies in this Islamic country. Khan termed Pakistan a democracy, saying that all over the age of 21 have the right to vote.

This state of affairs is the more unusual because Pakistan is a small country, inhabited by teeming millions, and borders on Russia and Communist China, as well as Hindu India. This tiny, Middle Eastern country, very difficult to find on a map, was once a province of India and is the seventh most populous state in the world. The 1951 census recorded 77 million people living in a country which covers only 380,000 square miles. By way of comparison, California's population is around 11 million.

A MAJOR ITEM in the development program now in effect in Pakistan, is the building of factories like the ones to process jute into burlap, and cotton into cloth. These are two of the country's leading crops, with 80 per cent of the world's jute coming from there.

Both of the Khans speak English fluently and they said this is usually among the upper class, as English is a required subject. While there is still a high rate of illiteracy there, Pakistan is gradually working out an educational program designed to make schools free to all. The preliminary schools are free now but not the higher branches of which Pakistan has five universities and over 100 colleges.

THERE ARE MANY newspapers printed there, both in the vernacular and in English, but

way in the near future to a large, modern structure.

"THE MUSEUM MEMBERS and patrons will miss Mr. Smith greatly," said Line. "The personnel committee headed by Attorney Hilton McCabe is sending out application forms to museums and universities throughout the country, for a new director."

It is the determination of the board, Line said, to find a man who will continue to develop the museum along scientific lines, and to continue the policy of popular visual education among children and adults.

"FIELD TRIPS which acquaint both resident and visitor with the wonders of the desert we live in, will always be a part of the Museum's program," Line added, "and we hope to soon have a building which scientists can make a headquarters for their studies of the desert."

Plans for the proposed new Museum building are now being prepared by architects, and a preliminary schematic sketch will be available in the near future.

meeting which will be held Friday evening, at 8 p. m., at the Wars Memorial hall. At this time they will start signing up members.

The BPOE movement started here about three weeks ago, with Charles Valentino as prime mover.

LOSES WATCH

Mrs. D. R. Colegrove, 594 Calle Abonia, reported to police Friday the loss of a white gold ladies wristwatch valued at \$400.

Believe "Saucer" Only Reflection on Mountainside

Not a flying saucer or any other mysterious object—just a reflection on the mountain from some source, possibly a planet, Officer Robert Ralph reported after investigating a large shining object reported there.

Bill Knight, 2335 Cardillo road, told police late Thursday afternoon that he had just seen a large shining object, a light, above the tramway site on the mountain. He said that it was much larger and brighter than a star, and that he had seen the same object the previous night.

Officer Young investigated, but reported back that the object had disappeared behind the mountain prior to his arrival.

Wet Back

Nabbed When He Passes School Bus

Stopping of a car for violation of the school bus safety code Friday morning led to the discovery that the driver was a Mexican "wetback," Sgt. Howard Poe reported.

The car, owned by Mark Torrance Studebaker of Banning, resident while his car was being repaired, and he in turn loaned it to the "wetback" driver.

The "wetback" was turned over to Border Patrol officers in the afternoon. Investigation revealed that he had been in the United States for about two years.

With Hildy Crawford

This mountain-sheltered . . . oasis of the desert . . . has had another busy week . . . and the calendar for the rest of the month . . . is crowded with interesting things to do . . . If you are leading a quiet life . . . it must be because you want to . . . That's what most of us like about the Village . . . it can be very gay . . . or you can spend quiet days . . . lazing in the sun . . . and acquiring a marvelous sun tan . . .

If you hear the cry "Tally Ho" . . . and see pink-coated hunters and a pack of hounds . . . chasing a fox across the desert on March 1 . . . it won't be a mirage . . . It will be the San Fernando Hunt Club . . . whose members are planning to trailer their horses to Palm Springs that weekend . . . and lay out a desert course . . . for a fox hunt . . . Dan Dailey is president of the Club and will act as master of the hunt . . . About 30 riders . . . many of them well-known society and film figures . . . will be here . . . The horses will be stabled at Smoke Tree Ranch . . . Among social events planned for that weekend will be a dinner dance at El Mirador on Saturday evening, February 28 . . . and, of course, there will be a hunt breakfast . . . Miss Toni King, of the Village, is a member of the Club . . .

State of Alaska

An eye catching car . . . noted on Village streets . . . bears the Alaska license plate No. 49 . . . It belongs to Mr. and Mrs. Z. J. Loussac of Anchorage . . . who are here for their annual visit to Hotel The Oasis . . . Like so many northwesterners . . . they come each winter to Dewey Metzendorf's hotel . . . because they knew him when . . . he operated one of the finest hotels in Alaska . . . Loussac is a former mayor of Anchorage . . . and the license number of his car . . . is a part of his ardent campaign to get Alaska admitted as the 49th state in the Union . . . It is being rumored . . . that if this happens . . . Loussac may be the first Senator from the new state . . .

Visitors to the Desert Farmers Market . . . know Aurora Jr., the little "pig that went to market" to collect money for the Braille Institute of America, Inc. . . . On Saturday Aurora will celebrate her first birthday anniversary . . . and a party has been planned for her, from 12 to 2 p. m. . . Mrs. Norman Stahl has arranged the party . . . which will include dancing by a group of blind square dancers . . . It is probable that there will be some celebrities among the party guests . . . and, of course, there will be a present for Aurora Jr. . . . for Rex, Los Angeles milliner, is making her original hat . . . Coins collected by Aurora are an important contribution to welfare for the blind . . .

This week brings another bird story . . . that is too good to keep . . . When Mr. and Mrs. A. H. Williams drove down from Portland . . . they brought with them their two pet parakeets . . . Chipper and Topper . . . Both birds can talk, but Chipper is the gabby one . . . with a vocabulary of 75 words . . . and as the Williams drove along the Village along Palm Canyon drive . . . Chipper says, and I quote "Palm Springs, Palm Springs" . . . The Williams (he is in the retail clothing business) always winter here . . . and are staying at the Lazy Lodge . . . A number of their friends from Delaware and Nebraska are in town, also . . . and the group plan a reunion dinner at the Desert Inn this evening . . . They will be joined by other friends from Alhambra, Pasadena, Santa Ana . . . and other Southland cities . . . I do not know what Chipper will say about this . . .

I understand . . . a Don Loper fashion show . . . is coming up at the Racquet Club . . . probably around St. Patrick's day . . . This will be one of their usual spectacular events . . . staged poolside . . .

Spring is here now . . . a pair of birds have built a nest . . . in a cactus . . . in Grace Pope's garden . . . I keep wondering if they chose the cactus as a home-site . . . to discourage visitors . . .

In Father's Footstep

Comedian Teddy Hart . . . is in rehearsal at the Playhouse . . . for "Three Men on a Horse," which opens at the Palm Springs Playhouse tomorrow night . . . His eight-year-old son Larry is to be found at rehearsals studying his father's technique . . . for he has already decided he will be an actor . . . and is undergoing rigorous training for a career in television, motion pictures and the theater . . . Larry is the nephew of the late Lorenz Hart . . . of the famous song-writing team of Rogers and Hart . . . With his parents he winters in the Village . . . and the rest of the year lives in Enchino and North Hollywood . . . Another interested spectator at rehearsals

She is a graduate of Stanford . . . and a member of Kappa Kappa Gamma . . . the Junior League . . . and the Juniors of the Social Service Auxiliary . . . Her fiancé is also a Stanford graduate . . . and attended Harvard University law school and Stanford University law school . . . Affiliated with Alpha Delta Phi at Stanford . . . he founded the Stanford Ski Club . . . During World War II he served as a naval aviator with the rank of lieutenant in the USNR . . .

Honeymooning

Honeymooning at Place in the Sun . . . are the Arthur Russmussen of 532 North Rossmore, Los Angeles . . . The bride is the former Leonora Conrad . . . daughter of Mrs. Lewis Irwin McGary Jr. of West Los Angeles and Oliver Perry Alberti of Altadena . . . They were married at the Church of Our Lady of Sorrows in Santa Barbara . . . and came here after a brief stay at Pebble Beach . . .

This didn't happen around town . . . but I finally got around to seeing a three dimension film . . . and there's good news to-night . . . The hyper-slender damsel is on her way out . . . Size 10's will no longer reign supreme in the fashion world . . . for the just points the way . . . and 3-D just isn't kind to them . . .

With so many houseguests . . . Mrs. Adelaide Cunningham's home at 1600 East Alejo . . . looks like the lobby of the Waldorf Astoria . . . and she was dashing off to keep a cocktail date at El Mirador when I called . . . so I'm afraid I didn't get all the names of all the guests . . . but I do know she had as cocktail guests . . . Mr. and Mrs. Addison Kennel Jr. and Mr. and Mrs. Bud Newell, all of Seattle . . . and the Allen Keiths of Los Angeles . . . Arriving this week from Encino is Mrs. Margaret Bartlett and her brand new husband . . . but I'll have to give you his name later . . .

Dee Dee Bennett, who went east with her parents, the Frank Bennetts . . . to attend the inauguration . . . arrived home Thursday by train . . . but her parents are off on a three weeks' West Indies cruise with some Philadelphia friends . . .

Al Hoovers Host to Daughter and Family for Visit

Mr. and Mrs. Darlow J. Smock and daughter Sandra Jean of Lakewood Plaza, Long Beach, have been visiting with Mrs. Smock's parents, the Al Hoovers, of 1112 North Calle Rolph. Mrs. Smock will be remembered as Virginia Jean Nobbs, former TWA air hostess and then Palm Springs agent for Western Air. Mr. Smock is comptroller for Western Auto Supply, Western division.

The family came down for the rodeo and parade and Mrs. Smock and her daughter remained for the week, with Mr. Smock returning for them this weekend.

Rotary Anns to Hear Dr. White

Rotary Anns will be addressed by Dr. Helen White, noted psychologist of Whittier, when they hold their weekly luncheon meeting at the Tennis club Wednesday noon. At the same time, Dr. White's husband, Dr. Gustav White, will be addressing Rotary club.

At their meeting last Wednesday noon, Rotary Anns viewed a fashion show of sports and play clothes, sweaters and coats, of fine wools and cashmere, staged by Tweeds and Weeds.

Tennis Club Fashion Show Benefit for Cancer Clinic

A Howard Shoup fashion show, hope to modernize and partly rebuild it into an attractive new clinic for the hospital. To date the Fashionettes have nearly \$11,000 towards the purchase price, so the help from the coming Tennis club fashion showing will greatly assist.

At the Tennis club show a dress, worn in the style show, will be auctioned with the entire proceeds going to the clinic. In addition, a part of the evening's party will be donated by the Tennis club of Palm Springs.

The present Clinic now adjoins the hospital, and the aim of the group is to purchase the fire station adjoining the hospital, which the city has promised to sell for \$26,000. They

Martin F. Sheas Guests in Village

Mr. and Mrs. Martin F. Sheas (he is vice president of Philco Radio Corporation of Detroit) are guests at Deep Well. The Sheas, who motored here from Paradise Inn in Phoenix, to make their first visit to Palm Springs.

Hawaii to be Transplanted to El Mirador Hotel Sunday

Colorful Hawaii will be transplanted to El Mirador hotel Sunday.

World famous Hawaiian singer George Kainapau and his Island Serenaders will strum throbbing guitars and ukuleles to officially open the South Pacific Room beside the El Mirador pool—and Polynesian grog and food will be served in quantity.

At 1 o'clock in the afternoon Waltha Clarke will present the first authentic Hawaiian fashion show ever to be given in this country.

Waltha, who operates exclusive Island-wear shops in Palm Springs and Laguna Beach, will showcase exotic models wearing mumukus, holomukus, holokus, sarongs, swim suits, sun dresses, and other lovely creations.

Waltha, whose life sounds like some character out of Return to Paradise, has had the life of the proverbial South Seas Riley. He decided that, as long as the soft

breezes and sunshine agreed with him, it might be a fine idea to make it pay . . . without too much work. That is why he became official greeter for the Waikiki Visitors bureau, party giver, host at Luau's, society writer for mainland papers and purveyor of local lore, with an office at "the third coconut tree from the left."

In off moments, Waltha has been manager for Trader Vic and Don the Beachcomber. Finding that "the work interfered with the work," he went back to the beach.

On Sunday he will spin interesting yarns about island customs and costumes and will dance his own inimitable version of the hula. Following this interesting feature, Carl Schroeder, pool manager of El Mirador, will present a water show featuring the "El Mirador Swimming Club," a delightful troupe of tiny girls, assiduously trained by Schroeder. Star attraction of the aqua show will be Pat Taylor, national paddle board champion, who will give an amazing exhibition of water balance.

At 3 p. m. the doors of the South Pacific Room swing open officially with a program of music, orchid leis, and Polynesian refreshments.

Gay Parties Mark Oasis Dining Room

New dining room at Hotel the Oasis has been the scene of several dinner parties this past week. "Happy Birthday" was sung to Dewey Metzendorf one recent evening.

Among those joining in the chorus were Mrs. Metzendorf, Mr. and Mrs. George Mumford, who arrived for a winter holiday at the Oasis from Anchorage, Alaska; Mr. and Mrs. Stewart Williams, Mr. and Mrs. George Canby and the George Thompsons, who have managed the smart hotel for more than ten years.

Enjoying dinner at a nearby table were the William Deans, who were visiting with their former Chicago friends, the Hubert Burnhams, who are spending their annual holiday in Palm Springs.

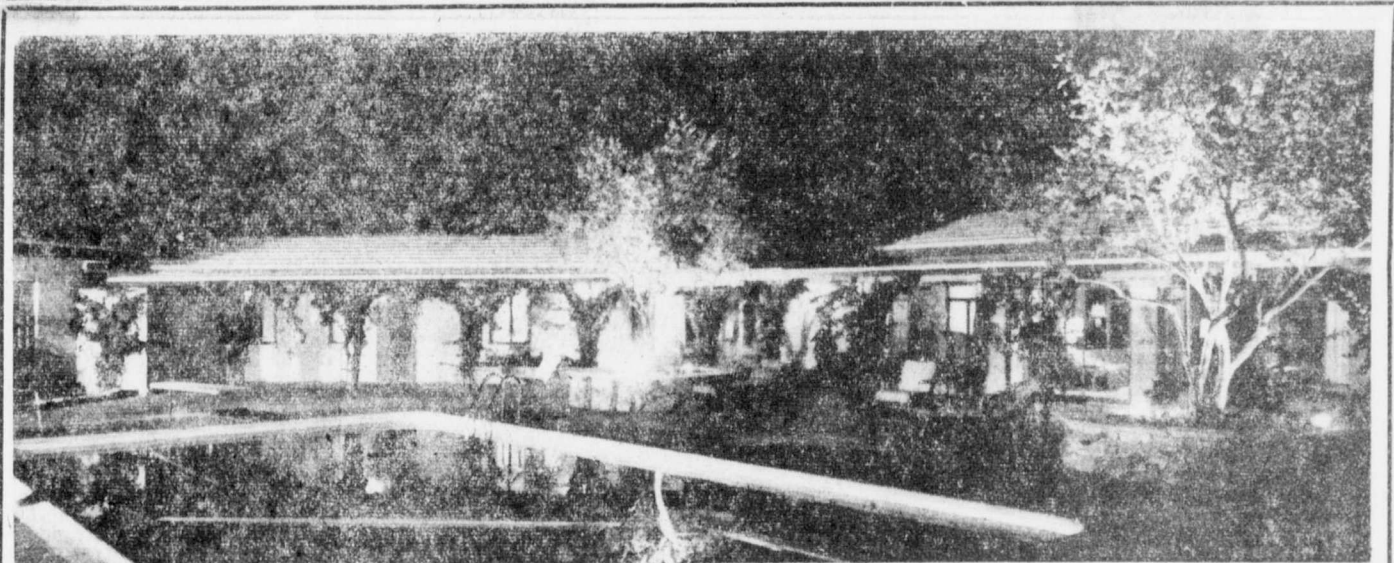

At another table in the glass enclosed dining room were a group here taking photos of the smart newly designed building for Glamour magazine. They included Jerry Stutz, associate editor of the magazine from the New York office; Eleanor Phillips, west coast representative of Conde Nast publications; Clifford Coffin, Vogue's head photographer and his assistant, Dean Serrance.

Long. John McIntyre went into Mrs. John McIntyre on Friday to visit with friends. She returned on Tuesday.

Thunderbird Celebrates its Second Anniversary

Gay Comedy this Week at Playhouse

In the hilarious comedy, "Three Men on a Horse," opening at the Playhouse tomorrow evening, Teddy Hart plays the role of "Frankie," the "bookie," which he created on Broadway some years ago. The zany characterization is in the same category as the ones he originated for Broadway stage hits such as "Room Service," "See My Lawyer," and "The Man Who Came to Dinner."

In "Three Men on a Horse," Teddy Hart is supported by a splendid New York cast, including Tim O'Connor, Mary Fosssett, Bernard Hughes, Michael Hayes, Helen Stenborg and Ed Matousek. The production was staged by Michael Ferrall under the personal supervision of Rogers. It will be presented nightly at 8:40 o'clock, with a matinee on Sunday afternoon at 2:30, during its engagement, which will end Saturday night, February 22.

Mrs. Austin to be Honored at Shower

A combined shower and birthday party for Mrs. Glenn Austin is the inspiration for a luncheon party being given by Mrs. George Cameron Jr. on February 23 at her home at 1479 San Lorenzo road.

The invitation list includes Meses, Belmont Sanchez, Edwin Silverman, Ernest Pagano, Malcolm Clark, Edward Thrasher, Russell Wade, John Kenniston, Sally Smith and Mrs. Harold Mosier of La Jolla, and Miss Marjorie Pohl.

2b—The Desert Sun and PALM SPRINGS NEWS

Took a trip down to Mexicali last week. It is only 100 miles from Indio and the booming cities of our Imperial Valley are something to see. Just wonder why we don't go down there more often. Down through Coachella, Oasis, and Travertine Point the wild flowers are already putting on their show. Along the ditches, and shoulders of the highway there were lots of purple sand verbena and yellow desert coreopsis. And along the 50 miles of Salton Sea, white caps. This unprecedented February wind upset the usual calm sea. To me, there is something unnatural about the Salton Sea. A few years ago I took some folks down to see it. Just at sundown, as we looked across toward snow-capped San Jacinto from Desert Beach, one of the gals in the group remarked, "If a Dinosaur walked out on the other shore, I wouldn't blink an eye." And that sort of describes my feeling of the sea. It is like a thing from another world. A thing from way back or from far away. On crossing the border at Mexicali we drove out to the Mosaic tile factory. One of our party needed a few more pieces of tile to finish her patio. For a couple of hours we watched young Mexican boys make these beautiful tiles with intricate design and rich color. The cute secretary in the plant, Ludi Vienst, spoke perfect English. She went to Hollywood high school. Much to my amazement, Mexicali is a city of 130,000 population. We drove through miles of splendor in the residential area so thoroughly different in architecture from anything here. And only a short distance away from the downtown business section where my cousins, the Ken Camerons, loaded up with huraches, tin masks and gay Mexican blouses and for a dollar each a ticket on the National lottery for which someone is a pinch to a million pesos. Took in Augie's turf club too. The folks in there were studying their racing forms and placing their bets just as though they were at Santa Anita.

The big surprise appeared when we came back across the border into Calexico and walked into the De Anza hotel and calmly asked for a room. They were sold out. So were Brawley and El Centro . . . hotels and motels, and this was a Wednesday night. We were amazed and especially so, when the managers suggested that for accommodations we drive an up to Indio and Palm Springs.

"How come?" we asked, "where do all the visitors come from?"

"The crops are coming in and the buyers and stockmen are here in droves and have been for weeks," was the reply. Finally we went back over the border to stay and the following morning checked with the Chamber of Commerce and local citizens. Without going into reams of statistics here's a little dope on the cotton situation. Last year's cotton production in the Imperial Valley was 175,000 bales. Over on the Mexicali side it was 425,000 bales. The cotton in the Imperial was mostly sold domestically and the crop from Mexico was handled by American buyers and exported to Japan and China.

We learned too that it takes 1300 to 1400 pounds of seed cotton to produce a 500-pound bale with a bale to the acre considered average on irrigated land. We also learned that cotton is usually planted in March and picked in September or October. They told us too of the vast production of alfalfa, sugar beets, every kind of early vegetable especially lettuce and tomatoes.

SMASH HIT SHOW—Jimmy McHugh, foremost song composer in the nation today, is receiving rave notices wherever he and his five beautiful girls have appeared. Each of the girls, highly

talented, are brought onto the stage by McHugh in such a manner only he is capable of doing. The act is acclaimed as the best to appear on a stage today.

McHugh Show at Chi Chi Opens Today

There's a new hit on the Chi Chi's hit parade as Jimmy McHugh, one of the country's most prolific writers of love songs, opens tonight at the popular night spot, presenting a snappy revue of five beautiful girls, and a cavalcade of Jimmy McHugh hit tunes.

The man, who wrote such songs as "I Can't Give You Anything But Love, Baby," "South American Way," "I'm in the Mood for Love," "On the Sunny Side of the Street," and dozens of other Hit Parade songs, has also written the scores for many motion pictures. A star maker for three decades, he has helped make stars of such celebrities of the show world as Duke Ellington, Carmen Miranda, Frances Langford, and Harry Richman.

He brings with him a bevy of beautiful girls, fine new singing talent that may launch several new careers.

McHugh, who originated the Jimmy McHugh Pollo Foundation, has staged charity events in the Village and has been a frequent visitor here.

Among new arrivals there are Harold Cudney and his daughter of Chicago, who have come to join Mrs. Cudney, who arrived earlier. They will be there for the rest of the winter.

Ford Foundation Head at La Quinta

Arriving this weekend for a stay at La Quinta are Mr. and Mrs. Rowan Gather (he is the new head of the Ford Foundation).

Among other interesting guests at La Quinta are the Bennet Cerfs, Mr. and Mrs. Gardner Cowles (of Look magazine), the Spade Cooleys, Miss Ruth Montgomery, widely syndicated political columnist from Washington, D. C., and Mrs. Ken Reagan.

Sewell Exhibit at La Quinta

DuPont company is sending a Sewell photographic exhibit for a week's showing at La Quinta hotel, February 27 to March 9. Manager Tom Niles announced this week.

The pictures, taken by Wally Sewell, portrait photographer for the Paul Hesse studio, have been

exhibited all over the country and contain portraits of such well-known figures as Doris Duke, Zsa Zsa Gabor, Joan Crawford, Mona Freeman. Sewell, who will accompany the exhibit, is the lens artist who was chosen to photograph Karsch of Ottawa, considered the outstanding portrait photographer of the day.

Desert Golf

by Helen Dettweiler

We may be able at times to control the propulsion of a little golf ball through the air — believe it or not, sometimes when a hook is required to slide a shot around a tree or other immovable object, the ball really travels from right to left. Harder it is, at times to control one's temper when this little white pellet travels off line when a straight shot is in mind. Impossible, it is, though to control the weather and that was a pretty rough siege of it last Sunday — spoiling golf rounds, rodeo aspirations and a lot of plans. All the local golf courses were desert, even the hardest die-hards gave up and turned to canasta and gin rummy. But when the sands settled down golf was again king, and on Tuesday, after the big blow 127 divot diggers were waltzing around Thunderbird as though nothing had ever been amiss. Tamarisk, O'Donnell, and Cochran enjoyed like popularity.

Among the 115 players on the lush Thunderbird course last week were 44 who joined in a new type of tournament that proved so popular that several more are on schedule. All the men meet at a gala breakfast and then the names of two low and two high handicap players are drawn out of a hat to form a team. The teams keep a best ball score, with handicap, and naturally the lowest team is the victor. Scoring a very neat best ball of 57 Mr. Pratt, D. Morgan, H. Weimar and R. Jones walked away with first honors. Close runner-ups was the foursome composed of Misses Kellaway, Lynch, Dawson and Murphy. Dan Wray won individual honors for low net.

It's just about time to settle the matter of who is club champion at each of the courses on the desert, and qualifying rounds for both men and women at Thunderbird have been shot the past week. The contestants were given a choice of qualifying any day from the first to the eleventh of February and low honors among the women went to young Jan Tarble with a very fine 86. There are 21 of the feminine gender seeking the title now held by Mrs. Viola Morse and their scores read as follows: Mrs. Lou Manseau 87, Mrs. Richard Guelich 89, Mrs. Paul Prom 100, Mrs. Milt Hicks 104, Mrs. John Hamrich 99, Mrs. Margaret Lynch 95, Mrs. Emily DeWare, who is incidentally building one of the show place houses at Thunderbird, 92, Mrs. J. Ferguson 93, Mrs. Geo. Anderson 123, Mrs. C. Becker 102, Mrs. J. Froggatt 95, Mrs. G. Sayre 104, Mrs. W. Wright 103, Mrs. B. Hinkle 112, Mrs. Oliver Morris 109, Mrs. M. Lester 95, Mrs. J. Getz 109, and Mrs. M. Maryatt 94.

Over 60 men turned in qualifying scores for their part of the championship as they will attempt to dethrone Carl Haymond. Slicing three strokes off par Milt Hicks led the brigade and gave notice of his prowess with a flashy 69. Johnny Dawson came in next with 72, and others to make the championship flight grade were Phil Harris 78, J. Murphy 73, B. Gengenbach 76, Dick Guelich 78, Ralph Kiner 74, E. Simmons 79, J. Dyer 76, Paul Prom 77, and George Anderson 75.

Since playing in the recent star-studded Thunderbird Open, Bing Crosby has stayed on with son Lynn to enjoy the wonders of the desert, soak up some of that good sunshine and get in some good golfing rounds. His recorded broadcasts have attracted everyone to the Plaza theatre where they've had to turn eager fans away—and recently on his shows have appeared Kay Starr, Joe Venuti, wonderful Jack Benny, Peggy Lee and my special favorite, Dinah Shore.

Guess as we get toward the end of this column that little golfing poem is in order, so, here 'tis:

I think that I shall never see
My ball beneath a spreading tree,
Whose roots give me dreadful lie,
Whose branches strike me in the eye,
Whose leaves obliterate the view,
Whose trunk prevents a follow through—
I'll never see a tree, I swear,
And not wish it were other-where.

County Club Federation to Meet Here

Four hundred guests from all the clubs in Riverside county and many state and district officers are expected to attend the County Federation meeting to be held at the Palm Springs clubhouse on February 27. It will be Public Relations Day.

The all-day session will start with the 9:15 a. m. coffee hours at the clubhouse, where there will be an art show, featuring painting, sculpture and craftwork from all clubs in the county.

Registration and the morning session will be at the Community Presbyterian church. The morning's program includes greetings from Mrs. S. P. Manasse, president of the Palm Springs club, a short business session and a panel on public relations, with representatives of the AAUW, Business and Professional Women, DAR, Soroptimists and Zonta participating. A short talk by Dr. James Blackstone Jr. will follow.

A buffet luncheon will be served at the Tennis club at noon, which will be highlighted by a fashion showing.

The afternoon program will be at the Tennis club and includes a press and publicity panel, headed by Mrs. Bess Wilson of the Los Angeles Times.

Former Village Girl to Become Bride in Summer

Here, There and Abroad

Former Villager, Jean La France, was a visitor here over the weekend. He was accompanied by his wife and two daughters, Terry and Annette and were the guests of relatives, Mr. and Mrs. Otis Hague. Since leaving here the La Frances have been making their home in Los Angeles.

Friday evening Carol Therieau, daughter of Judge and Mrs. Gene Therieau, hosted a party honoring her classmate, Francine Murray, daughter of Mr. and Mrs. Frank Murray, on her 14th birthday. Fifteen guests were present for the celebration. Games and dancing preceded a 9 o'clock supper which was topped with a beautiful birthday cake.

Mrs. Mont Withers and family are back in Palm Springs from their home in Charlevoix, Michigan. The Withers have a home on Calle Encelia and will remain until May.

Mr. and Mrs. Dick Henson are

at present entertaining Vito La Fata as their houseguest. Mr. La Fata arrived in the Village from New York in time to rejoice with the Hensons on the good news that their son, Don, has been chosen to play with the Boston baseball team. Don has been in training for sometime and was notified of his good fortune only recently.

The Larry Sitter home was the scene of a party for the members of the Lady of Solitude choir on Wednesday evening. About twenty members were present for the pre-Lenten social gathering.

Mr. and Mrs. Ben Zeisel have Mr. Zeisel's brother and wife, Mr. and Mrs. William Zeisel, of Glenview, Illinois, as their houseguests. The easterners are thoroughly enjoying the beautiful weather they are experiencing while here.

Mr. and Mrs. Elmo Purnell entertained at a dinner on Tuesday evening at their home on

1414 South Calle Marcus. Those present were: Mr. and Mrs. Walter Ude and Mr. and Mrs. Russell Huff. The latter two recently returned from a trip through the east and the evening was spent telling the highlights of that experience.

Sisters Mrs. Quincey Weisich, Mrs. Jerry Fortunato, and Mrs. Sal Allessandro, are all excited about the recording they received from their brother, Frank Neri, in Cleveland recently. Mr. Neri, with the Vel Tones have recorded "I Believe" and "Baby Doll" and since its release have received much favorable comment on their efforts especially the singing voice of Mr. Neri.

Guests of Mrs. Christine Renier and Mrs. Alina Dovi for the past week were: Dr. Emily Wagner, a teacher in the Men's College at Pomona, and sister, Miss Ann Wagner of New York. The latter is spending two months in the west.

A table of well known Villagers enjoying the Gaslight Galleries were: Mr. and Mrs. Fritz Blotter, Mr. and Mrs. Larry Sitter, Mr. and Mrs. Joe Wood and Mr. and Mrs. Sal Allessandro.

Last November Mrs. Margaret Fleming, 85, came from Chicago to be a guest of her daughter and husband, Mr. and Mrs. Samuel Douds, of 1385 South Sunrise Way. Recently Mrs. Fleming became seriously ill and was rushed to the Huntington Memorial hospital in Pasadena for surgery. While confined, her son, Peter Fleming, of New York, flew west to be with his mother and was a guest of the Douds in Palm Springs. At present Mrs. Fleming is greatly improved and has returned to the Village over the weekend.

Mrs. Helen Jumper went to Riverside to visit with her daughter, Celeste, who was a patient at the Community hospital for about five days. Sunday Mrs. Jumper returned to the Village accompanied by her daughter who will remain here until she has fully recovered.

Thursday Mr. and Mrs. Max Grone moved from their home at 312 Via Sol to their newly purchased home at 447 Escuela. The Grones are owners of the Florsheim shoe store in the heart of the Village.

Mr. and Mrs. Howard Haddock hosted a Valentine dinner at their home on Saturday evening. The guests included Mr. and Mrs. Joe Eichler and Mr. and Mrs. Herbert Esbitt.

Mr. and Mrs. Herbert Esbitt hosted a party honoring their son, Jeffrey, on his 6th birthday Sunday afternoon. A group of mothers and their children were present for the occasion and included Mmes. Joseph Eichler, Lester Shaw, Larry Sitter, Joe Wood and Bob Harges.
